## LARGE GROUP TEACHER

Teaching God's Word to children and youth is an important responsibility that can pay eternal rewards in young lives. If this is an area where God has gifted you, consider sharing this gift during the large-group segment of your church's Awana® ministry.

Large Group Time teachers are responsible for delivering captivating Bible lessons that God will use to impact children's spiritual lives. They should be mature in their own understanding of Scripture and able to communicate basic biblical truth in a compelling way that meets kids at their level.

Large Group Time is a key part of the Awana ministry. For some children, it is the only chance they hear God's Word - and the gospel message - taught throughout the week. Preparation time is vital to making lessons engaging, memorable and age appropriate.

Large-group teachers should be eager to learn and receive feedback from their Awana commander and club directors. They need to be resourceful, creative and faithful to their commitment in preparing and presenting lessons on a weekly or rotating basis.
